

Toolkit 2 - Learning Unit 1

Post-intervention

Activity 2

Map the emergency agencies operating in the maxi-emergency, including existing psychosocial services which should be fully mapped and incorporated into the psychosocial care plan

Exercise

Identifying new needs

2. Have you noticed any new needs of the people you have provided crisis intervention to?

YES

Activity 2

Make a list of the needs you have identified for people in a given crisis situation. Match the needs listed with the needs that your organisation can take care of. If you find needs that cannot be taken care of, list the organisations on your map that can take care of these needs which you can turn to if necessary.

New identified need	Name of organization that can take care about it
