

Toolkit 2 - Learning Unit 1

Post-intervention

Activity 3

Map the emergency agencies operating in the maxi-emergency, including existing psychosocial services which should be fully mapped and incorporated into the psychosocial care plan

Exercise

Reflection on new situations

3. Were there any new, unusual situations that needed to be addressed?

YES

Activity 3

Did you feel competent in addressing them? Make a list of these situations, for each situation write down whether you felt competent in that situation. Indicate what contributed to the perception of (in)competence. If you have identified situations in which you did not feel competent, write down which organisation you would be able to turn to in such a case.

New situation	Feeling of competence (yes/no)	If you do not feel competent for handling this specific situation, write down the name of the other organisation
